## Mini-Instructions Sheets

Below are three different sizes of mini-instruction sheets. You can choose which size works best for your animal clinic. Print and cut out the instructions to assist your clients in registering their Paw Finders tags.

Some suggestions:

- Hand an instruction sheet out with each tag
- Have a pile on your front desk for those that are interested
- Staple it to your client's paperwork
- Add it to a welcome bag or prescription bag

**LOST PET RECOVERY
